

EDUCATIONAL RESOURCE PRESENTATIONS

OUR MISSION STATEMENT

Calgary Pro-Life Association is a charitable organization committed to providing educational presentations to raise awareness of the beauty, purpose and dignity of human life regardless of age, physical, mental or spiritual differences. Our message promotes Christian values, is non-denominational, and is presented free of charge to all people of goodwill, upon request.

OUR VISION STATEMENT

Calgary Pro-Life Association has the vision to build a peaceful community whereby all human life is held sacred and is respected from the moment of conception (natural beginning) until death (natural end).

RESPECT LIFE... FETAL DEVELOPMENT

Sharing about the miraculous journey of the gifts that we received from our parents: 46 chromosomes via the sperm and the egg that met to create the very beginning of our person. This presentation is offered to students in grades 6 - 12, and youth groups. The program includes a multimedia presentation and life-size fetal models.

THIS PRESENTATION CREATES OPPORTUNITIES TO:

- View the fascinating world of the unborn baby
- Learn more about human development from conception until birth
- Hold life-size models of a developing 'baby'

RESPECT YOU... YOU MATTER

Focusing on the fact that every single person we encounter matters, we present that developing a healthy self-esteem is key to respecting yourself, others, and all human life from beginning until natural death. This interactive program is shared with students in grades 5 - 12 at schools and churches where we are invited to speak. It corresponds with the Alberta Education curriculum.

THIS PRESENTATION CREATES OPPORTUNITIES TO:

- Know and understand what affects your self-esteem
- Learn how to focus and give self-care to your physical, mental, social, emotional and spiritual aspects
- Recognize your value, contribution, and importance in the community, and the world!
